

Blackheath – a town for all seasons!

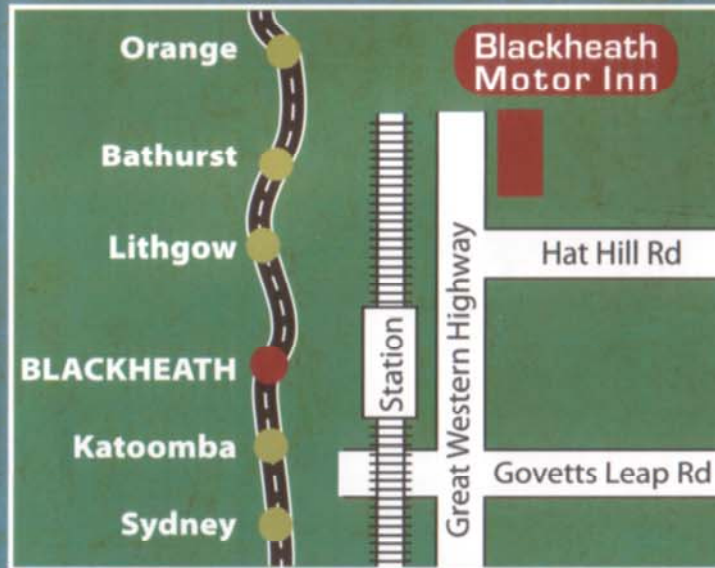

SUMMER – Cool and with low humidity, the Blue Mountains is an ideal escape from the crowds and heat of the coast. To cool right off, Blackheath has its own public swimming pool set in a magnificent garden park. A great place for the whole family!

AUTUMN – Colour, colour, colour, Blackheath turns on one of the best displays of Autumn colour in the whole of Australia. It's a beautiful time in the mountains, suitable for all outdoor activities.

WINTER – With a little luck, building a snowman may be on the agenda. An invigorating time of the year with cosy tea rooms a real attraction. There are many Yulefest celebrations across the Mountains in which you can join.

SPRING – Magnificent spring gardens and parks abound for you to visit and enjoy. Blackheath has its own special rhododendron garden and holds a festival every year in November. Blackheath Motor Inn is also set in its own colourful garden with all rooms looking onto it.

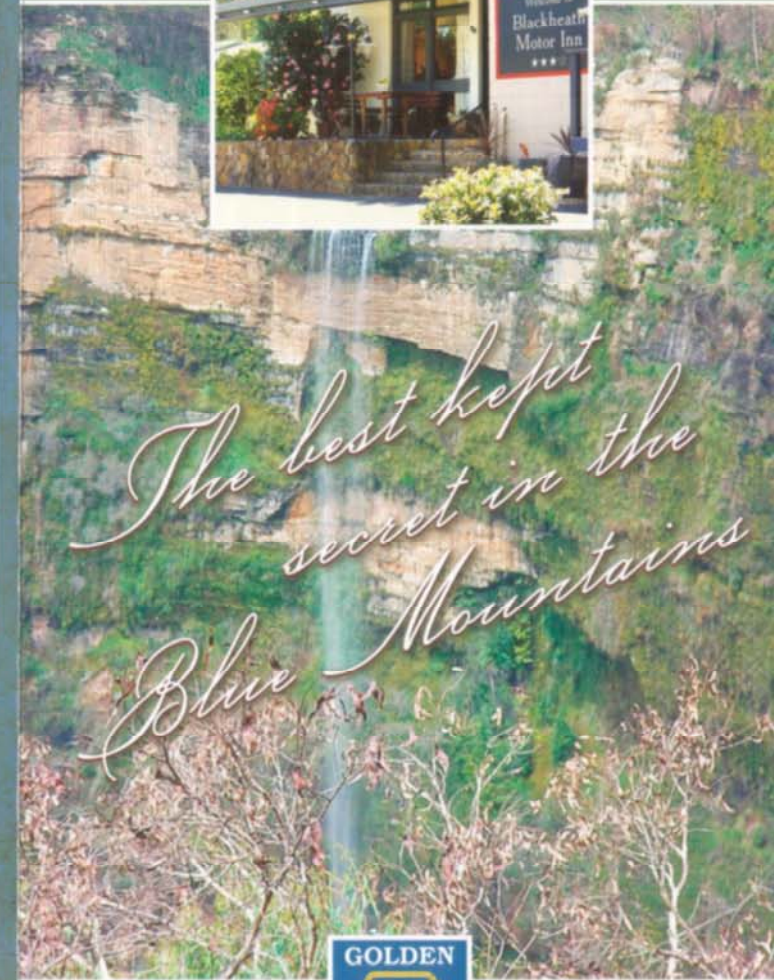

There is no special time of year to visit Blackheath, it has its own year round itinerary. It's a great place to stay.
